INTERSTUDIO

CATALYST TABLE

DESIGNED BY LUX STUDIO

Catalyst was designed for choice with simple, clear cut lines to accommodate a range of options to suit the look and feel of any fitout. The legs are available in full metal or half metal and timber at standard 720mm, 900mm and 1050mm heights and metal parts can be powdercoated.

The end leg frame can be open or include infill panels made from timber, powdercoated metal or PET board.

LEAD TIME 4-6 weeks

DIMENSIONS:
Available in Round / Square / Rectangle options.
