HAG Capisco Chair

Design: Peter Opsvik

HÅG Capisco Chair is delivered with a seat and back. The saddle seat can be adjusted between low and high working positions, all the way up to standing, enabling you to be more dynamic in your movements while still balanced. The seat height, seat depth and back height can be adjusted. Tilt resistance is adjustable and lockable. The footbase is delivered in black or silver-lacquered aluminium. Standard 200 mm gas lift. A footbase in polished aluminium is optional.

Encourages a greater freedom of movement, and new natural sitting positions

Perfect solution for Sit / Stand workspaces, allowing the user to choose any position from seated to semi-standing, to standing. No other task chair adapts so well to work surfaces of different heights

Ergonomic and design modern classic

Designed by Peter Opsvik, renowned Industrial Designer and ergonomics leader
