GRADA

DESIGNED BY I+D+i FOR ACTIU

LEAD TIME: 12-14 Weeks

An innovative grandstand concept that makes it possible to redesign the space quickly and efficiently. Its modular nature and the incorporation of castors easily dynamizes the collaborative workspace, reconfiguring areas in which to share ideas and develop joint projects. It offers each team the possibility of adapting its space to its needs and work methodology, and can therefore be configured as a bench, platform, or shelf, depending on the moment. Each module also incorporates additional integrated storage space and can be complemented with additional poufs that provide greater comfort.
